

Start with a blank canvas...

End with a masterpiece!

Imagine painting

your own masterpiece. It's easy! It's fun! No experience required! If you can hold a brush...you can do it! Those who think they have the least ability are usually the ones who enjoy it the most.

You will be instructor-led, step-by-step, as you paint your original art work. You start with a blank canvas and take home a beautiful masterpiece.

Painting Parties are the latest craze that is sweeping the nation. Now you can bring the fun to your group event. We bring everything needed to complete a 16 X 20 inch painting. You only need to provide the group, tables, and chairs (snacks with beverages if you want them, too).

We travel anywhere in Southeastern Michigan (area that is highlighted on map).

Painting Parties are perfect for: company team building, fund raisers, birthday parties, senior groups, mom groups, reunions, showers, and more.

Our painting Instructor has been painting since childhood. With years of experience as an artist and years of graphic art experience he is more than competent to lead your party.

To make this a reality for your group just:

1. Decide that you want to have lots of fun painting a picture that you pick from the choice at our website.
2. Select a time and place. Invite anyone you know who wants to have a good time. Contact "Fun With A BRUSH" by phone (or text) or email to book a date and time.
3. Show up to experience the fun of painting.
